

The New Jersey

Envirothon

The Envirothon is a dynamic hands-on environmental education event for high school students (grades 9—12).

Benefits for Students:

- * Environmental Awareness
- * Team Building
- * Youth Leadership Skills
- * Environmental Design Challenges
- * Meet Like-minded Students
- * Scholarships and Awards
- * Connects Classroom Learning to Real World Problems
- * Interaction with Natural Resource Professionals

Benefits for Educators:

- * Supports Core Curriculum Standards
- * Professional Development
- * Environmental Leadership
- * Awards

Competition Structure

Students prepare throughout the school year as a team.

Teams of 5 compete at a one-day event in early May.

Test structure will include both a written and an interactive problem-solving section.

Six testing stations include:

- * Soils
- * Forestry
- * Aquatics
- * Wildlife Ecology
- * Current Environmental Issues
- * Team Presentation

**THE 2017 NEW JERSEY
ENVIROTHON
WILL BE HELD AT:
Schooley's Mountain Park 91 East
Springtown Rd. Washington Twp. New
Jersey in Morris County on
Saturday, May 13, 2017**

Awards and Recognition

All students receive certificates of participation and NJ Envirothon T-shirts.

The NJ Association of Conservation Districts will award \$1,000 Scholarships to the members of the first place team.

Richard Stockton College of New Jersey will offer scholarships to first place team members who attend Stockton College.

The first place team will also receive a plaque in honor of their achievement.

The first place team will represent New Jersey at the 2017 North American Envirothon which will be held at (Mount St. Mary's University—Emmitsburg, Maryland). Travel expense assistance may be available from the NJ Association of Conservation Districts.

2017 Current Environmental Issue

("Agricultural Soil and Water Conservation Stewardship")

A Message From the Sponsors

The conservation agencies and organizations who sponsor this program are dedicated to promoting awareness of the need to conserve and manage our soil, water and related natural resources, and conduct public programs to achieve this goal.

The Envirothon provides an educational format through which students can learn more about natural resource management, the environmental benefits which can result and the programs which can promote these benefits.

The sponsors of the Envirothon encourage your participation.
